Dr. A. Zaffaroni
President
Syntex Corporation
Stanford Industrial Park
Palo Alto, California

Dear Alejandro:

On behalf of the department I want to tell you how grateful we are for the contribution in the amount of \$8,500 that we received today in support of our research in demographic analysis. As we discussed, this prompt response on your part is very much a "life saver" to us in a difficult situation.

Sincerely yours,

Joshua Lederberg
Professor of Genetics
